You may also email your request to [IPWR@mzgroup.us](mailto:IPWR@mzgroup.us) or call Chris Tyson at (949) 491-8235.

### **About Ideal Power Inc.**

Ideal Power (NASDAQ: IPWR) is pioneering the development of its broadly patented bi-directional power switches, creating highly efficient and ecofriendly energy control solutions for industrial, alternative energy, military and automotive applications. The company is focused on its patented Bi-directional, Bi-polar Junction Transistor (B-TRAN™) semiconductor technology. B-TRAN™ is a unique double-sided bi-directional AC switch able to deliver substantial performance improvements over today's conventional power semiconductors. Ideal Power believes B-TRAN™ modules will reduce conduction and switching losses, complexity of thermal management and operating cost in medium voltage AC power switching and control circuitry. For more information, visit [www.IdealPower.com](http://www.IdealPower.com).

### **About the 12th Annual LD Micro Main Event**

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the microcap space. What started out as a newsletter highlighting unique companies has transformed into an event platform hosting several influential conferences annually (Invitational, Summit, and Main Event). In 2015, LDM launched the first pure microcap index (the LDMi), which covers stocks in North America with market capitalizations between \$50M-\$300M to exclusively provide intraday information on the entire sector. The index is market cap weighted and is comprised of 996 stocks in the U.S. and Canada. It is a non-registered investment advisor. For more details, please click [here](#).
